

We are quickly approaching the end of our first semester and with that we have a few important reminders and updates. ECS continues to focus on fostering whole, healthy learners as a critical first step in student success. If you have a need for mental health or social-emotional health assistance, please reach out to Ms. Ishah Roads-Pultz or Ms. Amy Conner via email or phone.

Please continue to be the amazing partners you are in getting your student(s) to school every day and when they cannot be on campus, assist them in accessing our daily zooms and online classrooms. With the extensive technology investment ECS has made for each student, there is always a way to connect and learn every day, both in-person and virtually. \*weeb
