

NOVEMBER NEWS

Cultures Collide

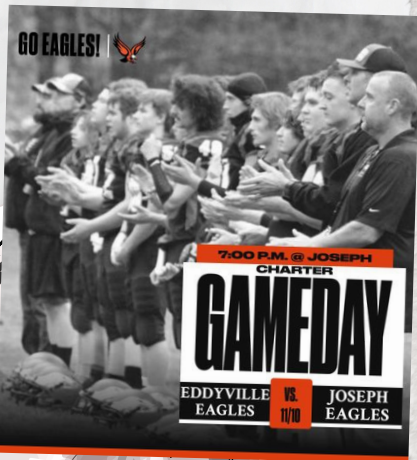

World Cultures, Spanish and Native Studies team up weekly to create authentic foods and study the traditions. Fry bread, elk stew and horchata were some of the items students created and sampled this month.

Serving our Community

Cooking students have expanded their catering business. GP Toledo success led to PAADA contracts and weekly staff lunches. This month, staff will enjoy a Thanksgiving dinner on Thursday before break and every student will receive a treat bag! Thanks for your excellence!

E-sports is taking off...

MS and HS students now have the opportunity to dive into the educational world of e-sports. This curriculum taps into an unaddressed student market here at ECS. Students learn about career pathways with gaming, strategies for excelling in the gaming field and preparation to compete at the regional and national level next year. Mr. Ulstad teaches the high school course and Mr. LaVaque instructs the middle school course.

In 3rd Grade...

Ms. Becca and crew have been working on their singing skills. The group is perfecting carols as they plan to visit several retirement homes in December and sing songs of peace and hope to our community and beyond. What a treat!

PAADA Leadership Summit Success

Little Eagles Experiment

Mrs. Hall and her 1st grade students learned about the chemical reaction of baking soda and vinegar. They watched a short video about the reaction process and then constructed their own 'witches brew' on Halloween to see it for themselves. Fun was had by all!
